What is "Mbps" and how much do I need?

Mbps, or megabits per second, is the speed of your Internet connection. Higher Mbps speeds will load web pages more quickly, allow more devices to run on the same connection simultaneously, and enable fast download speeds for all applications.

To track your internet data usage login to:

<http://myaccount.wyan.org/>

- Basic 6 includes 150 data/mo.
- Turbo 75 includes 1.5 Terabytes data/mo.
- Turbo 110 includes 1.8 Terabytes data/mo.
- Turbo 150 includes 2 Terabytes data/mo.
